WE ARE CENTRAL FLORIDA'S PRIMARY PROVIDER OF FREE SCHOOL SUPPLIES

Picture a child at school trying to write without a pencil, read without books or dream without the tools to put their ideas on paper. This is the reality for far too many students in our state. For thousands, these basic learning tools are a luxury. In fact, more than 65% of the students in Orange, Osceola and Seminole counties alone come from families that can't afford lunch, let alone school supplies.

We know that the lacks of school supplies have an impact on student's attendance, achievement, self-esteem, and even their interest in learning. With teachers spending between \$500 and \$1,000 of their own money to provide students with the supplies they need to be successful in the classroom, we aim to alleviate some of that burden.

A Gift For Teaching works to provide the materials, logistical planning and staff needed to make this project a positive, energetic, impactful experience for all attendees. We look forward to discussing the project with you in more detail, and the opportunity to create an experience tailored for your event.
